MotivePower Inc. Achieves ISO 9001:2000 Registration

WILMERDING, Pa., June 25, 2002 – MotivePower Inc., a subsidiary of Wabtec Corporation (NYSE: WAB), recently received its ISO 9001:2000 registration certificate from the International Organization for Standardization for its process-based quality management system. The 2000 version of ISO 9001 applies to entities that design, develop, manufacture and service products with an aim toward enhancing customer satisfaction.

“Our company has come a long way in developing the discipline and consistent control of its processes that translate into added value for our customers by providing predictable product quality,” said Mark S. Warner, vice president and general manager for MotivePower. “Many of Wabtec’s corporate procedures, like our Product Development System, are perfectly aligned with ISO requirements and, therefore, an asset to business units pursuing ISO registration. This achievement is a key component in MotivePower’s goal to improve customer satisfaction and achieve a sustainable competitive advantage.”

Based in Boise, Idaho, MotivePower builds new switcher and commuter locomotives, and provides aftermarket overhaul and fleet maintenance services.

Wabtec Corporation (www.wabtec.com) is one of North America’s largest providers of value-added, technology-based products and services for the rail industry. Through its subsidiaries, the company manufactures a range of products for locomotives, freight cars and passenger transit vehicles. The company also builds new switcher and commuter locomotives, and provides aftermarket services, including locomotive and freight car fleet maintenance. The company has facilities located throughout the world. Wabtec’s mission is to be judged by its stakeholders as the world-class corporation focused on helping its global customers compete more effectively through higher levels of safety, quality and productivity.
